New Participating Affiliates

- Motiva Enterprises LLC (Houston, Texas, USA)
- WorleyParsons Services Pty Ltd (Newcastle, New South Wales, Australia)

We welcome these new members and Participating Affiliates to HTRI.

About HTRI

Heat Transfer Research, Inc. (HTRI) is the global leader in process heat transfer and heat exchanger technology. Founded in 1962, our industrial research and development consortium serves the engineering needs of more than 800 corporate member sites. Our staff conducts application-oriented research on industrial-scale equipment at our state-of-the-art facility; we use these proprietary data to develop methods and software for the thermal design and analysis of heat exchangers and fired heaters. We provide technical support to all members and offer training, consulting, and contract services to both members and non-members. Our dedication to excellence assures customers of a distinct competitive advantage and a high level of operating confidence in equipment designed with HTRI technology. For more information, visit our website at www.HTRI.net.
